

**Bulletin 66**

**CONTINUATION OF THE VOLUNTARY MARKET ASSISTANCE PROGRAM**

November 30, 1990

This Bulletin is directed to all companies writing property and casualty insurance in the State of Indiana.

As you are aware, the Indiana Voluntary Market Assistance Program was created in January 1986 (see Bulletin #52). We believe that VMAP has been successful, and that the program should be continued through December 31, 1991.

As a result, we are requesting that each company or company group continue its support of the VMAP program and that each company or company group should make a \$100 contribution, payable to the Indiana VMAP Program, in order to provide the program with the necessary funds to continue operating.

Checks should be made payable to: Indiana Market Assistance Program, and should be mailed before December 31, 1990 to:

Indiana Market Assistance Program  
5750 Castle Creek Parkway North Drive  
Suite 314  
Indianapolis, IN 46250-4305

Your cooperation has made the Indiana VMAP Program a success and it is essential that you demonstrate your continued support for this program.

John J. Dillon III, Commissioner  
Indiana Department of Insurance
